

REMARKS

Applicant appreciates the Examiner's allowance of claims 1-8 and 10-14.

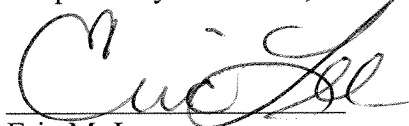

Applicant has amended claims 22 and 27 to include the limitation that the corrugated fiberboard sidewalls include a double wall fiberboard laminated to a multiple wall fiberboard. No new matter is added by these amendments. See paragraphs 27 and 29 of the application. Neither Eyre *et al.*, U.S. 6,047,523 nor Wilson, U.S. 5,261,536 discloses or recognizes that sidewalls formed from a double wall fiberboard laminated to a multiple wall fiberboard can or should be used in combination with a stressed polymer film wrapped around the sidewalls. As set forth in the application, the unique configuration of the invention provides for a lightweight and high strength container. There is no suggestion thereof in Eyre *et al.*, U.S. 6,047,523 or Wilson, U.S. 5,261,536 for applicant's claimed invention.

In view of the foregoing, applicant believes that all of the pending claims are in condition for allowance. Consideration and prompt allowance of the claims are respectfully requested.

In the event the Commissioner of Patents and Trademarks deems that fees are due in connection with this Response to Office Action, Applicant's attorney hereby authorizes such fees be charged to Deposit Account No. 50-3313.
